A TERRIBLE CALAMITY.

The Falling of a Floor Kills a Number of Government Clerks.

Washington, June 9—Ford's Opera House, in which Lincoln was assassinated, just fell in. About 300 Govt. clerks were in the place, and great loss of life is feared.

The first floor collapsed, through weakness, caused by excavating a cellar, carrying down three other floors and a hundred clerks. The dead and wounded are being taken out by firemen and police. All the ambulances in the city have been summoned. It is feared 100 people were killed. The scenes are terrible. Some jumped from the third floor. The walls are still standing, but the floors are down and the windows blown out. The building has been condemned as unsafe for some time, but sentiment kept it unchanged. The floors were heavily loaded with the records and pension divisions of the War Department. The clerks are all men.

There were over 400 clerks in the building. Scarcely one escaped more or less injured. Twenty eight were taken from the ruins up to 10:15 A. M. The Emergency Hospital is crowded with the dead and injured. The injuries from the very nature of the affair are very severe—crushed and broken limbs and internal injuries. Thousands surrounded the scene and the excitement spread all over the city.

Every hospital in the city has been called on to care for the wounded. Eight bodies have just been taken out of the ruins unidentified.

Over thirty dead bodies have been removed and still the work goes on. Two companies of infantry are guarding the place.

The Cowboy Race.

Chadron, Neb., June 9.—An effort is being made by the Humane Society to interfere with the race of the three hundred cowboys who are entered to start from Chadron June 13th on broncos, to see who will first reach Chicago, a distance of 800 miles.

President Haynes is acting for the society. He claims that the laws of Nebraska, Iowa and Illinois contain clauses that would prohibit the proposed race and he has written to the different Governors and Sheriffs protesting against the race. Large posters, in which \$1,000 reward is offered for the arrest and conviction of the participants, have been scattered all along the line.

The cowboys say, "Let any tenderfoot interfere with us while we are riding through and attending to our own business and they will learn the bullet dance in short order." The Sheriff here received an offer from the Humane Society to stop the race. As he is one of the riding masters of the old cow-puncher school, he declined to accept the proposition. The object of the race is to show the endurance of the native Western bronco pony. These ponies are ridden from 75 to 125 miles a day while on a round-up, and on an average they are ridden 50 to 75 miles a day.

Keely Stock.

Several of our citizens subscribed for stock in the Keely cure yesterday. The company to be organized in Nevada will be incorporated with 1,000 shares. The company take 900 shares and there will be but 100 shares for sale.

It now rests between Reno and Carson which city will take the stock and secure the location of the place. It is as much benefit financially to the town as the Mint and Carson will always regret it if it allows this proposition to go elsewhere.

Los Gatos was a dead town before the Keely cure located there and now it is doing twice the business it ever did and the place flourishing. The stock pays 25 per cent yearly and every person in this city would be directly or indirectly benefited by bringing the concern here.

About 25 shares of stock was taken yesterday at \$50 a share and the city will be canvassed today for the balance.
